Canon imageFORCE 2026 A3 Line of the Year Award

Canon U.S.A., Inc. is proud to announce that it has been recognized by Keypoint Intelligence with the **2026 A3 Line of the Year Award** and multiple **2026 Pick Awards** for devices from the **imageCLASS X** and **imageFORCE** product lines as well as **uniFLOW Online**. These prestigious accolades reflect Canon's ongoing commitment to providing a comprehensive portfolio of solutions designed to meet the evolving needs of today's workforce.

2026 A3 Line of the Year Award

The **2026 A3 Line of the Year Award** recognizes multifunction printers that displayed superior performance during Keypoint Intelligence's testing across the entire A3 line. Analysts praised the devices for consistently delivering exceptional image quality, including crisp text, fine lines, bold and uniform solids, and a distinct halftone range. The lineup also stood out for its intuitive ease of use and robust security features, designed to help protect sensitive information and minimize the risk of unauthorized access to both the device and the network.

2026 BLI Pick Award – uniFLOW Online 8 years Consecutive

SOC 2 certification

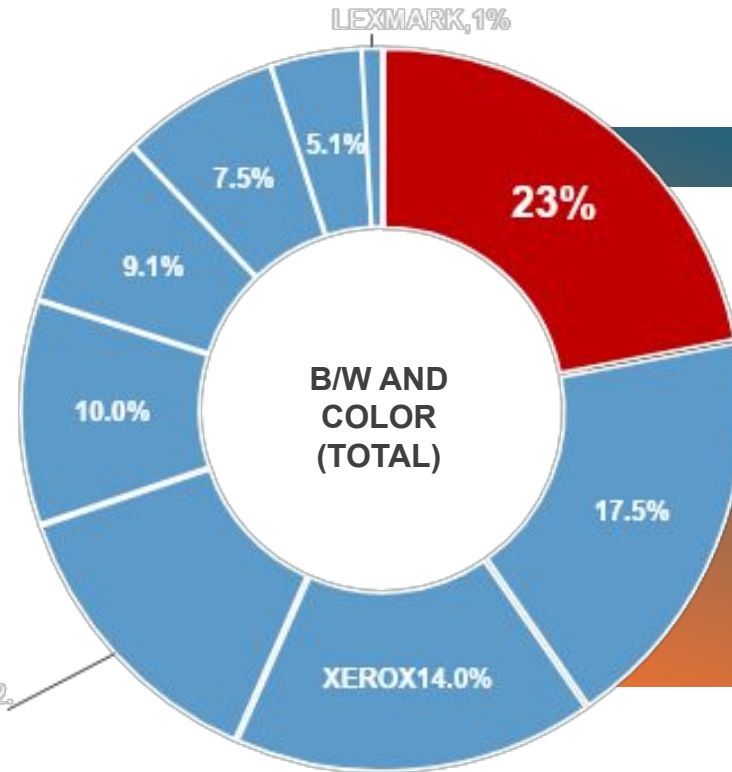

2026 BLI Pick Award — uniFLOW Online

Following a rigorous, 12-month testing cycle that included an evaluation of key attributes such as feature-set, usability, and value, **uniFLOW Online** was recognized for centralized cloud management remote device access that helps reduce the need for on-site support visits. It also helps to secure pull printing with multifactor authentication and offers the uniFLOW Online Virtual Printer App that supports the Windows® Protected Print Platform with flexible mobile and email submission plus advanced scan workflows and supported scan destinations.

uniFLOW Online has been awarded with this prestigious recognition for ***eight consecutive years***, further establishing this as a standout solution that can help customers keep control over access to their systems and critical information while also optimizing their print and scan workflows.
