

Brochure

HP LaserJet Enterprise X500 and X600 Monochrome Managed Printers Series

Elevate everyday tasks. Achieve extraordinary outcomes.

Today's fast-paced business environment demands simplified workflows, seamless integration, and bulletproof security. HP monochrome LaserJet Enterprise X500 and X600 Series MFPs and printers are purpose-built to revolutionize how work gets done. With the world's most secure printing technology, blazing-fast print speeds, and evolving software updates, including new productivity features, these printers adapt to your unique business needs. Enjoy easy integration into existing fleets, reduce your environmental impact with energy-efficient design, and empower teams with tools that work smarter, so your business can move faster. Discover how this portfolio can transform your business today.

Blazing-fast speeds, customizable features, and FutureSmart firmware upgrades^{1,2}

Built-in HP AI digitization solutions³

World's first printers to protect against quantum computer attacks⁴

Reduce costs and environmental impact with energy-efficient design⁵

Secure. Scalable. Smart. Printing that evolves with your business.

Revolutionize document workflows with the ultimate A4 enterprise black-and-white MFPs and printers. Built for effortless integration, automated operation, and simplified management.

1. The power to be more productive

Maximize productivity with fast printer wake-up and speeds, tailor your workflows with customizable printer and software configurations, and keep your fleet future-ready with FutureSmart firmware upgrades.^{1,2}

2. Digitize your workflows with smart solutions

Simplify scan workflows with HP AI³, automatically removing sensitive data⁶ and converting invoices, contracts, and more to digital. Easily turn documents to Office formats with editable OCR.⁷

3. Simplify work with automated workflows

Work smarter wherever you are in your digital transformation. Choose the perfect fit, on-prem or cloud, and seamlessly integrate your device into existing fleets and workflows with compatibility built for your environment.

4. Protect your business

HP Wolf Enterprise Security is the world's most secure printing technology, seamlessly integrating protection into every aspect of your business. Work and grow with confidence, keeping your data, workflows, and business safe from evolving threats.⁴

5. Save energy and help reduce waste

Help reduce waste and minimize your footprint through eco-labels, energy-efficient designs⁵, and TerraJet Cartridges made from recycled plastic⁹. All backed by an industry-leading recycling program.¹⁰

Get the power to be more productive

Save time with fast automatic 2-sided scanning up to 200ipm¹ and print speeds up to 57 ppm¹ to power through your tasks.

Stay ahead with FutureSmart firmware updates, keeping your fleet always up to date.²

Customize workflows your way with printer and software configurations for your unique needs.

Work without interruptions—smart services monitor devices in real time and fix issues before disrupting flow.²³

Stay in the flow of work with minimal downtime needed for maintenance and repairs. Repair and maintenance access points are labeled and designed for ease-of-use and access, while some repairs do not require tools to complete. More importantly, the serviceability of all major long-life consumable components can be completed in less than 8 minutes.

Digitize your workflows with smart solutions

HP Editable OCR

Easily find, edit, and share scans – AI automatically turns your scans into editable office files (.docx, .pptx, .xlsx).⁷

HP AI Guided Redaction

Share scans with confidence – AI automatically redacts Personal Identifiable Information from scans, all processed locally.⁶

HP Workpath and HP Open Extensibility Platform

Wherever you are in your digital transformation, find the perfect fit—on-premises or cloud-based print solutions, tailored to your needs.

HP Scan AI Enhanced

Digitize large stacks of paperwork in seconds without manual work – AI automatically extracts and organizes key data from your scans.⁸

Protect your business with the most secure printers⁴

Keep your work always protected—HP Wolf silently detects and recover your printer from cyberattacks.⁴

Simplify compliance—HP Security Manager enforces policies and monitors your fleet, so you're always audit-ready, effortlessly.¹¹

Grant access only to verified users and devices with HP's Zero Trust Print Architecture ensuring your users and network stays secure from evolving cyber threats.¹²

Get peace of mind with future-ready security for your network with the world's first printers to protect against quantum computer attacks.¹³

Save energy and help reduce waste

Reduce costs and environmental impact with printers and toner cartridges that use less energy.¹⁴

Meet the rigorous criteria of EPEAT Gold, Energy Star, and Blue Angel with our energy-efficient designs.⁵

Help reduce plastic waste with TerraJet Toner Cartridges designed with recycled plastics.⁹

Easily recycle your used HP TerraJet Toner Cartridges for free through the HP Planet Partners Program.¹⁰

Exceptional performance, thoughtfully designed

The next generation of HP Toner and Cartridge technology, HP TerraJet Toner Cartridges and packaging are designed for efficient toner use with less waste,¹⁸ outstanding quality printing, and built-in security.^{19,20}

- Original HP TerraJet Toner Cartridges and packaging are designed with less plastic and uses less energy when printing.^{21,23,14}
- Original HP TerraJet Toner, the next generation of toner, features efficient toner use¹⁷ and outstanding quality printing with improved performance. Experience uniform clear, sharp black text and rich tones with accurate contrast and shading.
- HP takes security seriously. Original HP TerraJet Toner Cartridges are designed for security with tamper-resistant chips, firmware and packaging.¹⁸

Deliver top performance with HP Flow MFPs

Your workflow, evolved

Unlock the full potential of your digital workflows with the cutting-edge features of HP Next Generation Flow Technology. Designed to help your team improve accuracy and efficiency for smoother, uninterrupted work.

Scan directly into Office formats with built-in OCR software⁷

Transform your scans directly into editable Office files (.docx, .pptx, .xlsx). Once scanned, your documents are searchable, shareable, and ready to go.

Scan-to-multiple destinations

Send documents to multiple recipients with customized shortcuts that eliminate repetitive steps and avoid misdirection.

HP Reverse and Retry technology¹⁵

HP Reverse and Retry technology automatically detects and resolves multi-sheet feed issues, keeping workflows smooth by avoiding disruptions.

Smart auto-sensing features

Auto-sensing features, like 2-sided document detection and automatic job separation, reduce steps and increase accuracy so you can spend more time on what matters most.

Options for improved data entry

Enhance productivity with a large 10.1-inch color touch-enabled control panel featuring a virtual keyboard, or opt for a physical keyboard to make data entry faster and more convenient for those who prefer a traditional typing experience.

On-device digital editing and marking

Streamline workflows with convenient digital editing—highlight, redact, mark up, or sign¹⁶ documents directly from the MFP control panel.

Keep sensitive data private, automatically

Your device automatically removes Personally Identifiable Information before sharing—with no cloud processing needed.⁶

Accelerated scanning performance

HP Flow MFPs feature ultra-fast scanning speeds of up to 200ipm duplex. Plus, you can further increase OCR performance with the optional Workflow accelerator card.

HP LaserJet Enterprise X60357dn Walkaround

Gigabit Ethernet Port

HP LaserJet Enterprise X600 Series comparison

Model	HP LaserJet Enterprise X60257dn ⁵	HP LaserJet Enterprise X60357dn ⁶
Product Number	A29ZDA	675T3A
Functions	Print	Print
Print speed (up to) ²	57/55 ppm (Letter/A4)	57/55 ppm (Letter/A4)
Auto 2-sided printing	Yes	Yes
Connectivity	USB, Ethernet	USB, Ethernet
Walk-up USB	No	Yes
Control panel	2.7" Non-touch	4.3" Color Touchscreen
Input capacity	650/2,850 (std/max)	650/2,850 (std/max)
Memory and Storage*	2GB RAM, 8GB eMMC	4GB RAM, 32GB eMMC
RMPV ⁴	10,000 to 25,000	15,000 to 37,500
Workpath enabled	No	Yes
Extensibility	HP FutureSmart ³ , OXPd	HP FutureSmart ³ , OXPd

Footnotes

1. Solutions deployed through the Hardware Integration Pocket (HIP) may require additional purchase.
2. Measured using ISO/IEC 24734, excludes first set of test documents. For more information, see <http://www.hp.com/go/printerclaims>. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
3. Some features enabled by future HP FutureSmart firmware upgrades may not be available on older devices, if for example, physical product characteristics limit the functionality of the new feature.
4. HP recommends that the number of pages per month of imaged output be within a stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period, the lowest monthly volume shown is based on 60-month usage and the highest 24-month usage.
5. HP LaserJet Enterprise X60257dn is available in AMS and APJ only.
6. HP LaserJet Enterprise X60357dn is not available in India.

*Optional storage options are available depending on configuration. Please contact HP representative for details.

HP recommends that the number of pages per month of imaged output be within a stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period, the lowest monthly volume shown is based on 60-month usage and the highest 24-month usage.
5. Not available in India and China.
6. Configura-To-Order available in selected Markets

**Optional storage options are available depending on configuration.

Product availability may differ per Market, please contact your HP representative for availability information.

Disclaimers

1. Measured using ISO/IEC 24734, excludes first set of test documents. For more information, see <http://www.hp.com/go/printerclaims>. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
2. Some features enabled by future HP FutureSmart firmware upgrades may not be available on older devices, if for example, physical product characteristics limit the functionality of the new feature.
3. HP AI uses artificial intelligence (AI). Feature availability varies by printer model, configuration, and country, with additional localizations planned for future launches. HP reserves the right to charge for certain AI features or additional services in the future in accordance with the HP AI Terms of Service. To learn more, visit hp.com/HP_AI.
4. HP's most advanced embedded security features are available on HP Managed and Enterprise devices with HP FutureSmart firmware 4.5 or above. Claim based on HP review of published features as of June 2025 of competitive in-class printers. Only HP offers a combination of security features to automatically detect, isolate, stop, and recover from attacks with a self-healing reboot, in alignment with NIST SP 800-193 guidelines for device cyber resiliency. Printers are most vulnerable to attack when they are booting up and during runtime (when the printer is in sleep mode and in use). Only HP Enterprise printers protect the device during 100% of the printer's life with Sure Start BIOS protection, Memory Shield with hardware-based Runtime Intrusion Detection and Control Flow Integrity to detect and recover from zero-day threats in addition to Connection Inspector network behavioral anomaly detection all with self-healing recovery. For a list of compatible products, visit hp.com/go/PrintersThatProtect For more information, visit hp.com/go/PrinterSecurityClaims.
5. HP voluntarily designs and tests its printing systems to prevent emissions that exceed Blue Angel and EPEAT eco-label guidelines. Based on US, Canada, India, and Australia EPEAT® registration according to IEEE 1680.1-2018 EPEAT®. EPEAT® status varies by country. Visit www.energystar.gov/productfinder for more information on models of the HP LaserJet Enterprise X500/X600/MFP X500/MFP X600 series that are ENERGY STAR certified in North America. ENERGY STAR and the ENERGY STAR logo are registered U.S. marks. HP printer, HP paper and Original HP supply - Blue Angel DE-UZ 219 Emissions Criteria.
6. Guided Redaction estimated to be available Spring 2026 on select Flow MFPs (HP LaserJet Enterprise Flow MFP X62757zs and X53052z). Requires latest HP FutureSmart firmware and the purchase of the HP Workflow Accelerator Card accessory. Telephone and Social Security Number fields are optimized for North America and select European countries.
7. Available as standard on Flow MFP models (HP LaserJet Enterprise Flow MFP X62757zs and X53052z) and available for purchase as an optional HP Editable OCR license on non-Flow MFP models (HP LaserJet Enterprise MFP X62757dn and X52952dn/ X53052dn).
8. Not all MFPs may be compatible with Workpath apps. To enable HP Scan AI Enhanced, license is required. Personalized content and integration functions are applicable to supported HP Workpath apps only.
9. Recycled plastic is expressed as a percentage of total weight of plastic. See www.hp.com/tonerrecycledcontent for more information.
10. Program availability varies. For more information, visit hp.com/hprecycle.
11. HP Security Manager must be purchased separately. For details, see hp.com/go/securitymanager.
12. Delivered through implementation of HP Authentication Suite for Workpath-enabled devices and devices with embedded Protected Access both providing passwordless multifactor authentication for Microsoft Entra ID environments. Device identity provided by deployment of device certificates using HP Security Manager software, sold separately.
13. Based on HP's internal analysis of business Printers with preinstalled encryption, authentication, malware protection, post-quantum digital signature, and initial BIOS firmware integrity protection with automatic self-healing recovery finding that no other in-class Printers implement a quantum-resistant cryptographic scheme to protect the integrity of the BIOS and firmware as of March 2025.
14. Energy reduction in HP LaserJet Enterprise X60257-X60357 and X62757 with HP Original 160 TerraJet Toner Cartridges and HP LaserJet Enterprise X50352-X50452 and X52952-X53052 with HP Original 159 TerraJet Toner Cartridges compared to predecessor HP LaserJet Enterprise E60155 and E62655 with HP Original 147 Toner Cartridges and HP LaserJet Enterprise E50145 and E52645 with HP Original 89 Toner Cartridges. Calculated in 2026 based on normalized Energy Star® Typical Electricity Consumption (TEC) data. See hp.com/TerraJet/energysaving for more information.
15. HP Flow is available only on Flow MFP models (HP LaserJet Enterprise Flow MFP X62757zs / X53052z).
16. HP does not endorse the use of a simple signature as a legally binding digital signature in all jurisdictions; please check your local laws for enforceability of simple signatures if intending to use a simple signature as a binding signature.

Disclaimers

17. Toner efficiency of Original HP 159 and 160 TerraJet Toner Cartridges compared to HP Original 89 and 147 Toner Cartridges. Calculated in 2026 using pages printed per gram of toner. See hp.com/TerraJet/tonersaving for more information.
18. HP office-class printing systems are select Enterprise and Managed devices with FutureSmart firmware 4.5 and up, Pro devices, LaserJet models 200 and up, with respective Original HP Toner, PageWide and Ink Cartridges. Does not include HP integrated printhead cartridges. Digital supply-chain tracking, hardware, chips and packaging security features vary locally by SKU. See hp.com/cartridgesecurity.
19. See ISO/IEC 20243:2018 Open Trusted Technology Provider™ Standard Certification Register. See certification.opengroup.org/register/ottps-certification.
20. Virgin plastic reduction in Original HP 159 and 160 TerraJet Toner Cartridges compared to predecessor Original HP 89 and 147 Toner Cartridges Toner Cartridges is based on comparing grams of virgin plastic and is expressed as a percentage of total weight of plastic. Accurate as of 2026 for the products listed only.
21. Reduction of plastic packaging in Original HP 159 and 160 TerraJet Toner Cartridges compared to predecessor Original HP 89 and 147 Toner Cartridges is based on comparing grams of plastic packaging mass. Accurate as of 2026 for the products listed only.
22. Speed of HP LaserJet Enterprise X50352-X50452 and X52952-X53052 compared to HP LaserJet Enterprise E50145 and E52645 and of HP LaserJet Enterprise X60257-X60357 and X62757 compared to HP LaserJet Enterprise E60155 and E62655. Measured in 2026 using ISO/IEC 24734, excludes first set of test documents. Exact speed varies depending on the system configuration, software application, driver, and document complexity.
23. HP Smart Device Services (SDS) is supported on both A3 and A4 LaserJet devices, requires Original HP supplies to be installed in the device, and supports Managed, Enterprise, and Pro-class HP devices dating back to 2008. Capabilities vary based on the age of the legacy device and Pro-class capabilities. For details, see: <https://hpsdsdevicesupport.com>
